Mr. Bill Nittler
P.O. Box 295
McCook, Nebraska 69001

Dear Mr. Nittler:

Thank you for your July 5, 1972, reception report of KINA, which is hereby verified.

You mentioned some very slight interference, which might be co-channel KPOF, Denver.

We use an RCA 1,000 watt transmitter at half-power of 500 watts. We use five 250 foot guyed towers spaced 300 feet apart from each other in a straight SE to NW line, with the lobe going to the NW.

Whenever you are in Salina, please stop by for a visit.

Respectfully,

RADIO STATION KINA

Sherwood R. Parks,
President & General Manager.
