Maurice W. Nittler
3663 S. Clarkson
Englewood, Colo.

Dear Mr. Nittler:

Thnks for your nice letter of Nov. 20.

This verifies your reception of KLOE
on November 20, 1960 from 5:25 to 5:29PM.

We put a pretty good signal into Denver and
vicinity. As you mentioned, it is the signal
from KICN that interferences. I have heard our
station several times on the car radio in
Denver.

It was nice to hear from you. If you are
ever through here, we invite you to stop
in and see our radio and TV station.

Yours sincerely,

KLOE Radio

Paul Bateman
Chief Engineer
