

January 21, 1981

Bill Nittler
Box 36
Nucla, Colo. 81424

Dear Mr. Nittler:

This letter will confirm your reception report dated December 26, 1980 of commercial radio station KSKX located in Topeka, Kansas from 0552PM to 0557PM CST.

We are very pleased to receive your report and the program content checked out with our logs. It is nice to know that you were listening to KSKX from Nucla, Colorado.

KSKX operates at 1440 Khz. with a daytime power of 5000 watts and a night-time power of 1000 watts. KSKX operates with a four tower directional antenna with the same pattern day and night beaming our signal to the west/northwest about 250 degrees from Topeka, Kansas.

We again thank you for your fine reception report.

Happy listening to you.

Sincerely,

Richard A. Roiseland
Chief Engineer KSKX/KSWT
