

KTSW

P.O. Box 350
Jan. 31, 1955

Mr. Maurice W. Nittler,
Box 94,
Geneva, Nebraska

Dear Sir:

This letter verifies your reception of KTSW
Jan. 28, 1955; 12:15 AM to 1:49 AM.

This morning of your reception of KTSW, was
our last night of three where we conducted
an auction for the March of Dimes over our station.
You had the correct amount raised by our station
\$633.50; which was the total amount as this
was the last night of the auction.

We operate with a power of 250 watts on 1400kc;
usually from 6 Am to 11 PM daily except Sunday,
which is from 7:30 Am to 11 PM. Our equipment
consists of a G.E. Console, Progar Limiting
Amplifier, Collins 300 G Transmitter and a 180
foot Lingo Antenna.

Thanks for your fine report and I hope you
will hear our signal up in the "Cornhusker"
State again.

Yours very truly,

Everett A. Thompkins
Everett A. Thompkins
Chief Engineer
