Mr Maurice W.Nittler

Denver Col.

Dear Mr Nittler:

This letter confirms your record of having received our station
March 3rd, at 5:05 EST.

I had noticed a fluctuation in the frequency monitor so, I
switched crystals and ask for a frequency check to determine
just where I stood. well, I found out, just Plus 22.5 and you no
doubt know i'm supposed to stay within 20 cycles.

Glad to hear from you, and lots of luck.

Sincerely yours

W.H. Edwards CE
WMTL Radio
Leitchfield, Ky

P.S You can see why I'm an engineer and not a tpeyst.
