DEAR MR. NITTLER:

Thanks very much for your reception report of WPAD. We run our regular Frequency check with the Commercial Radio co. of Lee's Summit, Mo. on the first Thursday of each month from 12:10AM-12:25AM CST. That was what you heard so you may consider this letter as confirmation of your reported reception.

WE are using an RCA Model BTA-1R1 1 KW transmitter and that was our power at the time you heard us.

Thanks again for your report and good DX. My amateur call is W4KCH, began Hamming in 1918 with call of 9ARR.

Yours very truly,

U. C. Morris
