DIXIE BROADCASTING SERVICE

P. O. Box 306
ALEXANDRIA, LOUISIANA

December 20, 1956

Dear Radio Friend,

I am pleased to advise you that the information contained in your RECEPTION REPORT with reference to our Frequency Test, conducted by this Station on December 18, 1956, is correct.

Accordingly, it is with pleasure that we CONFIRM your Reception Report after comparison with the Official Engineering Log of this Radio Station.

KDBS thanks you for your cooperation and initiative and wishes you the very best of luck in your excellent work.

Very truly yours,

DIXIE BROADCASTING SERVICE

Henry J. Lazarone
HENRY J. LAZARONE

Chief Engineer

P.S. Glad to hear from Nebraska. I was stationed at Offutt AFB in Omaha for 2½ years. Even married a girl from Omaha. I guess the weather is pretty cold up there right now. It's a pleasant 74 degrees here today. Good luck to you. Merry Christmas and a happy New Year.
