Dear Mr. Nittler

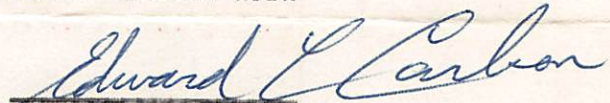

We are pleased to confirm your reception report of WJBW on September 24, 1956.

Yes, fortunately, Flossy did miss us, or should I say the direct blow missed us, for we did get quite a bit of wind and rain, plus some areas were almost flooded. A lot of telephone cables, lights, etc., were out for quite awhile.

Thanks a lot for reporting to us and continued success with your hobby.

Sincerely,

RADIO STATION WJBW
