ST. BONIFACE, MANITOBA

January 5, 1962

Mr. Maurice W. Nittler  
1755 So. Vallejo  
Denver 23, Colorado

Dear Sir:

We were indeed delighted to read your letter in which you give us an outline of the program carried by this station and that you were able to pick up on Christmas Eve and into Christmas morning.

This will therefore confirm that you were definitely listening to CKSB, St. Boniface, Western Canada's first French language station, the only French station in Manitoba.

We were also pleased to hear that you had a nice day for Christmas. Here the weather was also on the mild side although today, after a snowstorm of some 6 inches, it turned out to be quite cold ... this morning at nine o'clock it was 27 below. Nevertheless, we can expect this kind of weather in this part of Manitoba and we don't mind it too much as long as we have a bright sunshine.

Wishing you a lot of success in your broadcasting activities and a good year, we remain

Yours sincerely,

RADIO STATION CKSB
