Mr. Maurice W. Nettler
Box 94
Geneva, Nebraska

Dear Mr. Nettler:

This is to verify your reception of WFMD on December 22, 1954,
between 3:00 AM and 3:31 AM.

WFMD operates with a power of 1000 watts day and night. WFMD
operates with a non-directional pattern during daylight hours but
uses a four tower directional array at night. The equipment used
is RCA.

We thank you for your reception report of our station.

Sincerely,

MONOCACY BROADCASTING CO.
