

The
70's
Sound of *Wcar*

October 28, 1974

Mr. Bill Nittler
603 W. 1st
Mc Cook, NE 69001

Dear Bill,

This is to verify your reception of WCAR-AM in McCook, Nebraska, on March 4, 1974 at 2:31 AM EDT.

A check back in the transmitter maintenance log verified the test period you copied. We were in the process of adjusting some new CBS processing amplifiers (limiter and AGC). The period of your reception was of our 50KW transmitter operating on the two tower daytime directional pattern. The normal night pattern consists of nine towers at 10KW.

Thank you much, Bill, for the report. Good DXing to you!

Greg
