

The Best in Music and News

October 12, 1964

This form letter will verify your reception of WDOU as you request. We are happy to co-operate with you.

WDOU is a 1,000 watt station located in a town of approximately 7,000. We began operation as a 500 watt station in September 1960.

For your information, we are part of a four station chain, all of which program adult music, with no liquor or tobacco advertising and no commercial messages on Sundays.

Thanks again for your interest.

Very truly yours,

Frank Lagerborg
