Please accept this letter as confirmation of your reception report of  
**WJNZ 1680 KHZ. ADA, MI**

On (Date): <u>FEB 22 1999</u>
From (Time): <u>1:00</u> to: <u>2:00 AM</u>

WJNZ's broadcast transmitter is located approximately 10 miles  
due east of downtown Grand Rapids, Michigan.  
WJNZ uses the Harris DX-10 10kw. digital transmitter.  
The antenna system is shared with daytime sister station 1140 WXBV  
using a three tower in-line directional array antenna system.  
WJNZ uses the center tower of the 1140 KHZ. array.

Thank you for your report, and.....

**THANKS FOR LISTENING TO  
STEREO 1680 JAMZ**
