

WKM H

TIFFANY 6-8500

WKM H BUILDING

DEARBORN 2, MICHIGAN

March 7, 1955

Mr. Maurice W. Nittler
Box 94
Geneva, Nebraska

Dear Mr. Nittler:

This will confirm your reported reception of WKM H.

WKM H operates on 1310 KC with 5 KW and a two tower directional daytime. At night a four tower directional and 1 KW is employed. Three towers are 220 ft. high. The fourth tower is 252 ft. the additional height being an F.M. pylon.

The equipment is all R C A.

Present operating schedules is 24 hours daily excepting Mondays.

Thanks for your report. It is always interesting to hear from DXers'.

Sincerely,

Jerrold Martin
