Dear Mr. Nittler,

I want to thank you for your reception report on our broadcast on the morning of February 28, 1955.

Since we have no Q.S.L. cards please accept this letter as a verification of your reception.

I am surprised to hear that you were able to receive us in Geneva, Nebraska as most of our power is beamed north.

The program that you happened to hear is no longer on after midnight local time but we sign off at midnight .

Lots of luck in your logging of broadcast stations,

Sincerely yours,
