Dear Sir:

This is to verify your report of reception of KXRA on the morning of August 9, 1954, from 1:30 to 2:08 ^{AM} CST. Your details of the program checks with our logs.

We are always happy to receive letters from you fellows, and try to send a verification as soon as possible. Our prize letter is from New Plymouth, New Zealand. The fellow had a 35' high and 600' long antenna, and an 8 tube superhet.

Yours truly

Kenneth J. Olson
Chief Engineer
