

424 NICHOLS ROAD, SUITE 201, COUNTRY CLUB PLAZA, KANSAS CITY, MISSOURI 64112, (816) 753-7707

RADIO 1190

Thank you for your reception report on KAYQ from 12:50-1:30A
dated 1/31/72. May this letter serve as an official
confirmation of your report.

KAYQ began regular operation September 1, 1971, with 24 hour good music programing augmented with news reports from one of the most extensively equipped news departments in the United States.

We broadcast with 1,000 watts daytime from one of two full power transmitters, and 250 watts night-time with six tower directional service beaming west.

Thank you again for your report and good luck in DX-ing.

John Shideler
Technical Director, KAYQ
