Mr. Maurice W. Nittler
1755 So. Vallejo St.
Denver 23, Colorado

Dear Mr. Nittler:

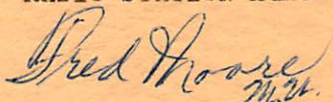

This is to varify your letter concerning your reception of KGMO's frequency test on 1550 kcs.

KGMO moved from 1220 kcs. to 1550 kcs. on Nov. 1st with the intention of increasing it's power to 5,000 watts. At present we are operating on 500 watts, but at the end of tests will throw the switch to 5,000 watts.

Thank you for your interest. If we can be of further assistance, please advise.

Sincerely,

RADIO STATION KGMO

Fred Moore
Chief Engineer
