INDEPENDENCE, MISSOURI
YOUR ORIGINAL TOWN & COUNTRY STATION

1000 Watts Power 1510 On The Dial

July 30, 1956

Mr. Maurice W. Nittler
Box 94
Geneva, Nebraska

Dear Mr. Nittler:

It pleases us to learn that you received KIMO on your radio set, in Geneva, Nebraska, on the evening of July 23, 1956.

Your report of the programming just before 6 p.m. and the period following 6 pm, was completely correct.

KIMO, with 1000 watts power, a day-time station, reaches out, normally, for about a 50 mile radius. It makes us happy to know that we can be heard as far away as Geneva!

Thank you for this information.

Sincerely yours,

L. W. Hardt, Jr.
General Manager
