

October 3, 1979

Mr. Bill Nittler
603 W. 1st
McCook, NE 69001

Dear Bill:

Certainly, I am pleased to confirm your reception of KJLA Radio on March 5, 1979.

The description you gave of the programming format was quite adequate to assure that you were, in fact, listening to our station.

During the daytime hours, KJLA operates with 1000 watts of power and at night with 250 watts and a six tower directional antenna system. When we are on night power and patten we send a minimum amount of signal to the northeast and a maximum to the west.

Thank you for writing and good luck as you listen.

Sincerely,

OSBORN COMMUNICATIONS CORPORATION

Benton H. Weiss

BHW/cph

*P.S. Bill - sorry for such a late
reply but we have really been busy
getting the new format underway.*
