SPRINGFIELD'S NEW **GOSPEL** RADIO

December 30, 1974

Dear Mr. Nittler:

Greetings from Missouri! So sorry about the delay in answering your kind letter, but it fell my lot to become manager of the station right after the test and I have really been busy with this and engineering and all. Thanks for writing and your report was welcomed.

This is to verify that your report of text was correct and that you did indeed pick up our signal from KLFJ, Springfield, Missouri on the morning of December 5, 1974 from 3:00-3:20. It was good to know that our signal was coming in good up there in Nebraska.

Thanks again for writing and God's Speed. If you are ever down Springfield way, stop in and see us at KLFJ. OK?

Respectfully

Billy Wolfe, Pres.
KLFJ Radio
