5000 WATTS COVERING THE STATE FROM THE CAPITAL CITY

JEFFERSON CITY, MO.

December 4, 1958

Mr. Maurice W. Nittler
2818 South Cherokee
Englewood, Colorado

Dear Sir:

This is a letter of verification of your receipt of our signal on the morning you stated.

We operate on 950 kc with a power of 5000 watts. Our transmitter is located 7.5 miles west of our studio and is remotely operated. Our transmitter is a composite designed and built by Fritz Bauer and is shunt fed to a 241 foot vertical single tower.

Thank you very much for the letter informing us of the receipt of our signal.

Sincerely,

Edmund B. Scarr
