Dear Sir,

My apologies for the delay in answering your letter, I usually try to verify reception reports as soon as possible. I guess the only excuse I can offer is laziness.

I am enclosing a coverage map and some data on the station in case you are interested.

It was nice to hear from you and again I'm sorry for the delay in answering. If I can be of further service please let me know.

Sincerely,

*Duane Williams*  
Duane Williams, C.E.
