January 28, 1991

Mr. Bill Nittler
Box 824
Mancos, Colorado 81328

Dear Bill,

It's our pleasure to confirm your reception of KUSA on January 21, 1991 from 7:46 to 7:54PM CST on 550 KHZ.

KUSA is one of 16 radio stations currently owned by the Gannett Company along with TV stations, newspapers, outdoor advertising, and a number of media related businesses.

From looking at a Colorado map I can see you really are in the southwest part of the state as you said in your letter. I've never been in that area, but in 1985 I and my family stayed overnight in Grand Junction. It's really beautiful country out there and I am sure it is where you are located. Makes me wonder why people crowd up in the big cities, but that's where the jobs are.

I will be retiring in about six months and hope to take another trip out west. Maybe this time I can take time to see some of the things I've missed on other trips.

I'm sending you a KUSA bumper sticker and wish you lots of good listening in the future.

Very truly yours,

Bill R. Schmidt
