Mr. Maurice W. Nittler  
2818 South Cherokee  
Englewood, Colorado

Dear Mr. Nittler:

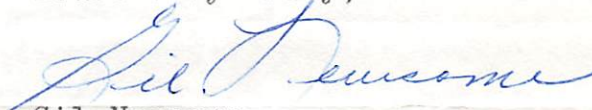

You're right--absolutely right! Your letter of verification on the reception of KWK checks accurately with our program log.

We are more than gratified that our signal strength on this occasion was strong enough for the good reception you had.

We are likewise gratified that you took the time and the effort to advise us of it.

Thank you very much.

Yours very truly,

Gil Newsome  
Program Director
