Feb 29, 1956

Mr. Maurice W. Tittler
Box 94
Geneva, Nebraska,

Thanks for the reception report
of Feb. 17.

It must be an unusual
condition as we have somewhat
of a null in your direction.

We have to protect Both
Tulsa and Fresno.

I can only find a few minutes
abt 300 am on Sun morn when the
air is not pretty well cluttered on 1430Kz
