Dear Sir:

I wish to verify your reception report of this station on the morning of December 17, 1956 on our regular broadcast schedule. It was quite a coincidence when you heard our announcer, Ralph Mathis, dedicate Francis Nittler, your brother, a song. We had received a report from him a few days before. He had heard the same program.

I beg your pardon for this delay in answering your report. We were awfully busy around here during the Christmas rush.

Yours truly,

J. B. Skelton, Jr.
