

KERR-750^{AM}

Montana Country 50,000 watts

Route 1, Box 48
Polson, Montana 59860

October 2, 1984

Mr. Bill Nittler

Box 721

Meeker, CO 81641

This letter will verify that you log of programming on KERR AM radio for October 16, 1983 is correct.

I am enclosing a copy of the coverage map for KERR this map is for the old 1070 Khz frequency, we changed frequency to 750 Khz in September of 1983 and donot have current maps yet. Thank you for your letter informing us of the reception in your area.

Sincerely,

Paul Doolittle

Chief Engineer
