The Montana Farmer-Stockman Station

GREAT FALLS, MONTANA

PHONE 4-4382

August 17, 1954

Mr. Maurice W. Nittler
Box 94
Geneva, Nebraska

Dear Sir:

Your DX report No. 209 has been received and this letter is in confirmation of that report.

For your information KMON for the purpose of the frequency check was operating on a non-directional antenna with a power of 5000 watts. The transmitter here is an RCA BTA-5f. We operate during the daylight hours non-directional and during the dark hours on a directional antenna which beams our signal 28 degrees east of north into Canada. KMON's studios are located in the Tribune Bldg. in Great Falls and the transmitter is approximately 6 miles south of the city.

We appreciate receiving the report of reception from you and if you should hear us again let us know.

Thanking you, I remain

Very truly yours,

B. K. Rush
Studio Technical Supervisor
