Dear Sir,

Thank you very much for your reception report. Over the past months we have received many reports from both sides of the Atlantic and we are surprised that the station can be received from in places as distant as the U.S.A. and Sweden.

The Caribbean Broadcasting Corporation operates an English language service 24 hours a day, 7 days a week on 900 KHz A.M. and 98.1 MHz F.M.

The A.M. Transmitter has a power of 20Kw (from November, 1983) with an antenna array directed at the Western Caribbean.

Thank you for your report.

Yours faithfully,
