Mr. Maurice W. Nittler  
Box 94  
Geneva, Nebraska  
U S A

Dear Sir:

We acknowledge receipt of your letter dated May 5, 1957. Concerning your report reception on our station CMBL which you send on December 4, 1956, we are sorry to inform you that we did not receive it for we have checked on our 1956 and 1957 alien reports files and found no trace of your report. Nevertheless, you did hear our station so we verify your reception on CMBL.

It's quite a coincidence that on both times that you have heard radio stations from Cuba, both have been RADIO AEROPUERTO. CMK use to be our first station but since a year ago we are operating CMBL, 860 Kcs. Long Wave. We also operate COBL, 9.833 Kcs. Short Wave, CMBL-F.M.- 92.7 mgs, and CMK-F.M.- 100.1 mgs.

We thank you very much for your interest in writing us, and hoping you will hear us again we remain,

Yours very truly,

RADIO AEROPUERTO INTERNACIONAL, S.A.
