

THE SPANISH LANGUAGE STATIONS COVERING THE LOWER RIO GRANDE VALLEY

OFFICE OF THE MANAGER

ROBERT N. PINKERTON

BROWNSVILLE, TEXAS

January 23, 1957

Mr. Maurice W. Nittler
Box 94
Geneva, Nebraska

Dear Mr. Nittler:

Many thanks for your letter reporting reception of XEO on January 3 in Geneva, Nebraska.

The XEO transmitter plant is located about 2 miles west of Matamoros on the Reynosa highway. As you may know, Matamoros is directly across the Rio Grande from Brownsville, Texas. Our antenna is a self-supported 250' Blaw Knox tower tuned to a quarter wave. Our transmitter is a composite, built by our own engineer.

XEO's regular broadcast schedule is from 5 AM to 12 midnight Mondays through Saturdays and 6 AM to 10 PM Sundays. All out broadcasting is in Spanish except for the English language station identification which you reported.

Thanks again. We're always glad to have reports from DXers.

Cordially yours,

Robert N. Pinkerton.
