Dear Sir/Madam,

Thank you for your reception report on Radio Trinidad's transmission, which we confirm was a correct report.

We regret that we no longer send out Q.S.L. cards, however, we hope that this confirmatory letter would serve your purpose.

Our correct frequency is 730 Kilocycles with a 20,000 watts output.

Thanking you for your Interest  
Yours Faithfully

Frank Pardo  
Asst./Programme Director.

PS:

This postscript is included as a sincere apology for the undue delay in replying to your report.

Owing to re-organization in our staff duties, your report was unfortunately and unintentionally filed away.

I am now handling these reports and being associated with some of the local "Hams" myself, I know you would rather have a late reply than none at all.

Hoping you would overlook this delay and accept 73's from us.

Yours sincerely,

A handwritten signature in blue ink, appearing to read "Pardo", with a stylized flourish extending to the right.

Frank Pardo  
Asst./Programme Director.
