Dear Mr. Nittler:

This is to confirm that the signal you heard between 12:25 and 12:40 a.m. on December 16th, was our broadcast from KBRX on 1350 KC, from O'Neill, Nebraska.

Until November 22, we were KVHC, on 1400 KC.

Since our broadcast on the 16th was our first regular frequency check from our new transmitter, we were greatly interested in learning our signal reached your location.

Very truly yours,
