Mancos CO 81328

Dear Bill:

It is my pleasure to confirm your reception of KFMQ-AM, 1480 on 10/31/92. Your reported programming elements are correct, but you will be interested to know that KYNN are the new call letters of our FM, formerly KFMQ.

Recently, we changed the format of the FM from A.O.R. to Hot Country, making the call letter change but leaving the AM as KFMQ to protect the calls.

It's always exciting to hear from someone who reports unusual reception. For your information, KFMQ-AM is a 5-kilowatt station with power reduction to 1-kilowatt at local sundown.

By the way, my wife and I travelled through your area last summer and found it to be one of the most beautiful places we've ever enjoyed. We had a wonderful time at Mesa Verde National Park and spent a few days backpacking in the San Juan mountains. You are lucky, indeed, to live in such a spectacular region.

Sincerely,
Bob Quale 
Production Director
