

WWNH

RADIO HOST FROM LAKES TO COAST

ROCHESTER, NEW HAMPSHIRE

930 KILOCYCLES

TELEPHONE 1400

February 4, 1955

Mr. Maurice W. Nittler
Box 94
Geneva, Nebraska

Dear Mr. Nittler:

This letter is to verify your reported reception of this station WWNH, Rochester, New Hampshire, on February 1, 1955 at 5:00 AM EST.

Our transmitter is a Gates BC-5B 5000 watts, with high level modulation. We operate as a regional daytime station on, as you know, 930 kc.

Thank you for taking the time to write us such a long and interesting letter to give the details of reception, which were correct. Glad to know that we have the honor of being your first New Hampshire station, and maybe you'll hear us again.

I realize Nebraska is some distance from New Hampshire, but in these days of easy travel you might be in our vicinity, and if you ever do, drop in and visit us.

Cordially,

Ralph Warren
