Dear Bill:

This letter will serve to verify your reception of KDRM radio on March 27, 1981, from 6:12 till 6:13 PM.

Yours is the first report we have received for long distance reception under our new call letters. It was very interesting to see the letters you got from the station under previous call letters- we got a kick out of passing the letters around!

Thanks again for the report.

Sincerely,  
KDRM Radio

Don Davis  
Chief Engineer
