Dear Bill:

Thanks very much for your reception report of KKJY-AM on March 2nd. Yours is only the second reception report we have received since we changed call letters, and the first from out of our immediate area.

Your report is accurate, when compared with our program log for 6:10 to 6:15 PM.

You can see that we have not even received our new stationery since we changed call letters a few weeks ago.

Your name and city are familiar...perhaps I verified a report from you when we were KPAR. If you are the same person, congratulations on your diligent listening!!

Thanks again for your report!

Best Regards,
KKJY Radio
