Bill Nittler
Box 824
Mancos, CO. 81328

Dear Bill:

Thank you for your report of reception of KNXX Radio at 12:50 P.M. MDT on September 22nd. Your report accurately reflects our test programming at that time.

We plan to have the station on the air on a full time basis on or about November 9th, though that date is subject to change, depending on how our testing proceeds and if the power company delivers power to the transmitter site by that time (we are using a diesel generator for testing).

Our power will be 1000 watts daytime, 500 watts nighttime, using the enclosed directional pattern. I would appreciate a report on our nighttime signal at your location after you have a chance to listen to it. It will be interesting to see if we overcome XEG.

Bill, thanks again for your report, the first we have received on the station so far! I look forward to hearing from you after we are on the air!

Sincerely,
KNXX AM Radio

A handwritten signature in blue ink that reads 'Don Davis'. The signature is written in a cursive style with a large, looping 'D' and 'D'.
