Dear Mr. Nittler

We are thrilled that your able to pick up our station "Southern New Mexico's All-Time Classics," KSNM 570 in Mancos, Colorado. We operate at 5,000 watts during the day time and 500 watts at night. We are the last of the locally operated stations in the Southwest. Our staff lives and works in Las Cruces. I would also like to direct your attention to our website www.ksnm570.com so you can see the local talent and e-mail with comments and suggestions. If you ever would like to hear a request please call (505) 527-4570. Best time to speak to our music director is in the mornings from 6am till 8am MST. If there are any other questions, please feel free to give me a call (505) 525-9298.

Thanks

Ernesto Garcia
