Dear Mr. Nittler:

Thank you for sending your letter of information concerning our station!

Your schedule of events in your letter of January 30, 1972, is mostly correct. Just for your information, the 5:43 spot for the jewelry store was for DIAMONDS LTD. Other than this correction, you were correct.

It might be interesting for you to know that our application was on file with The Federal Communications Commission for about twelve years before they granted the CP! This was due to the frequency, but we are all of the opinion that it was worth the wait!

Enclosed also for your files is an engineer's coverage map of the station.

Thanks for taking time to write to us!

Best,
