Dear Radio Friends:

I am very pleased to report reception of KRSR by me on 1140 Khz. this morning, January 12, 1988. The following is what I was able to log on your signal:

- 8:40 A.M. MST Rock music
- 8:44 KRSR computer ID.
- 8:51 KRSR "Crusher" computer ID
Ad for Nevada's largest Ford Dealer featuring Gary Ingerman, general manager talking to a little girl on the phone. "Southern Nevada's only 5 star Ford dealer, a family tradition for over 60 years"
- Ad for the Crusher 15th annual Miller Hi-Life Bachelorette Auction to be held Jan. 17th at 3 P.M. at Cashman Field.
- ID as "Stereo 1140 KRSR, The Crusher" and into more rock music

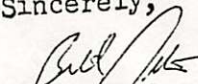

Your signal was coming in very well at times but had interference from an unid station and severe fading at times. My receiver is a Hammarlunds HQ-180 using a 125' long wire antenna.

Would appreciate it very much if you would send me a card or letter of verification on my reception of KRSR. I have enclosed a self-addressed, stamped envelope for your convenience in replying. Thank you very much for this favor.

Mancos is located in Southwest Colorado between Cortez and Durango at the Gateway to Mesa Verde National Park.

Will be looking forward to hearing from you soon. Good luck to you in your future broadcasting activities.

Sincerely,

Bill Nittler
