Dear Mr. Nittler:

The station you heard on August 3, 1955 from 5:30 EDST was WJTN.

You heard our WJTN FARM SHOW which is conducted by Doc Webster.

This is formal verification that you heard us as outlined in your letter, from 5:30 a.m. on the morning of August 8, 1955. We appreciate hearing from you and to find out that our 250 watts is reaching way out to Geneva, Nebraska.

Incidentally, we also duplicate all our programs on FM at 93.3 megacycles.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Simon Goldman'.
