Mr. Maurice W. Nittler
1755 S. Vallejo Street
Denver 23, Colorado

Dear Sir:

This is a verification of your reception of November 5. Everything on your report seems in order.

We have very recently signed on the air an hour earlier and our signal is really sailing out until other stations on or near our frequency get on the air and knock out our signal.

Thank you very much for your report.

Cordially,

W. E. Harrison
