Mr. Maurice W. Nittler
Box 94
Geneva, Nebraska

Dear Mr. Nittler:

Your letter has been turned over to me for answering.

Y'know this is becoming a very amusing thing. People writing from such "Far Away Places" I mean.

In April KAKC changed owners and one of the first steps of the new owners was to keep the station on 24 hours a day.

Just the other day the manager of KAKC was in St. Louis and heard the "Old Nite Watchman" as clear as if he was in the city.

It is my understanding that around 1:00 a.m. all the other stations on 970 kc sign off, which leaves KAKC with a "clear channel".

For your convenience I am enclosing a program schedule of KAKC.

If your ever in the City of Tulsa you are welcome to stop by and see our studios.

Thank you very much for your time and kind consideration.

Best wishes,

Kenny A. Green
