September 14, 1954

Mr. Maurice W. Nittler
Box 94
Geneva, Nebraska

Dear Maurice:

Thank you very much for your recent letter informing us that you received our signal on September 7, 1954. From your letter I am sure you were receiving our signal as we were running a frequency test at that time.

We are in receipt of a letter from Mr. Francis H. Nittler of Denver, Colorado, informing us that he received our signal on September 11. Since, the names are the same just wondered if you happen to know each other.

Assuring you that it is always a pleasure to hear from you fellows, we are,

Yours very truly,

Radio Station KBEL
