

Dear Bill:

This letter will confirm your reception of KMMZ 1640AM per your letter.

KMMZ operates with a power of 10,000 watts in the daytime and 1,000 watts at night. Both day and night are directional with a simple two-tower pattern that orients the signal 160 -340 .

We just recently finished testing and are now on air full time. The format is All Comedy Radio, which is a first among Oklahoma radio stations.

Thank you for your report and best of luck in your DX endeavors.

Sincerely,

A handwritten signature in black ink, appearing to be 'H. Champlin'.
