Mr. Maurice W. Nittler
Box 94
Geneva, Nebraska

Dear Mr. Nittler:

I was very happy to receive your reception report of June 12, 1956. Your information was correct; we were on the air doing an equipment test. I hope to hear again from you soon, and hear that our signal is coming in with very little interference. I hope that we are booming in loud and clear.

Sincerely,

W. Wray Finney
Manager
