

1/15/85

Dear Mr. Nittler,

Please consider this a letter of verification of your reception of WWLS, 640 khz, Norman, Oklahoma on

October 12th, 1983 From 4:58pm To 5:13pm (CST)

WWLS operates with one-thousand (1000) clear channell watts on a non-directional pattern during the DAY and one-thousand (1000) clear channell watts on a directional pattern at NIGHT. Even though we are licensed out of Moore, Oklahoma our studios remain in a Norman mailing area. We were very pleased to receive your report.

At this Reception
we were a daytime
station only.

Sincerely,

Jay Sanders
