Maurice W. Nittler,
Box 94,
GENEVA, NEBRASKA.

Dear Maurice: Re: CJRL Confirmation of broadcast
December 11, 1954.

This is to verify our signal on Dec-
ember 11, 1954.

On checking our program logs, we found
the above mentioned broadcast to be true and accu-
rate.

Our antenna tower is 202 feet in height,
and we are powered by 1000 watts, broadcasting on
a frequency of 1220 K.C.'s.

We will appreciate your reports on our
signals.

Sincerely,
RADIO STATION CJRL.

Don MacTavish,
Studio Engineer.
